

ideas start here—where will yours end?

Let the Healthcare Idea Book Guide Your Way

Compliment your patient satisfaction and infection prevention efforts with a custom communication solution

Improve patient satisfaction

We've researched the best layouts and designs to improve communication, reduce anxiety, and even decrease risk of falls. When those factors are improved, your patient satisfaction scores go up!

Long-lasting

Our surface quality, framing, backing, and accessories are meant to last, even in the harsh hospital environment. In fact, our patented VividShield coating and writable glassboards eliminate ghosting, fading and staining—we guarantee it

Easy to clean and keep clean

Entire surface easily wipes off with a soft cloth (like microfiber), disinfectant wipe, alcohol, or just plain water. No need for germ inviting erasers or special whiteboard cleaners.

Reinforce the hospital brand

Add the hospital logo to reinforce a good patient experience. Customize each department's boards to maintain the brand while meeting the department's specific needs.

For more designs and possibilities, explore ghent.com/healthcare

general

"I am VERY happy with the quality of Ghent Healthcare. I evaluated many different magnetic boards designed for hospitals and all the others scratched and indented easily. Your board held up even under my toughest testing with ball point pens."

– Hospital Nurse Manager

"I ABSOLUTELY LOVE THEM!!!! Staff and patients also love them—great communication focus point. Thank you for all that you did."

– Alayna Heilman, Trinity Health

plan

Start with the steps below to help determine a plan for your new whiteboard design.

1. choose board type

Classic Whiteboard

- Magnetic & Non-magnetic.
- Available in 6 Standard Frames, Unframed, and 140+ Premium Frames.

Glassboard with Standoffs

- Magnetic & Non-magnetic.
- Available in Rounded or Square Corners.

Slide / Swing Changeable Glassboard

- Non-magnetic with Round Corners.
- Double-sided inserts available to show twice as much information.

Low Profile Glassboards

- Magnetic & Non-magnetic.
- No visible hanging hardware keeps board close to the wall.

2. choose board size and orientation

Vertical Boards*

- 24" x 18" ○ 2' x 3' ○ 4' x 8'
- 24" x 24" ○ 3' x 4' ○ Custom
- 30" x 24" ○ 4' x 5' _____
- 36" x 24" ○ 4' x 6' _____

Horizontal Boards**

- 18" x 24" ○ 3' x 2' ○ 8' x 4'
- 24" x 24" ○ 4' x 3' ○ Custom
- 24" x 30" ○ 5' x 4' _____
- 24" x 36" ○ 6' x 4' _____

*Swing Changeable only available Vertical up to 36" x 24"

**Slide Changeable only available up to Vertical up to 36" x 24" and Horizontal 24" x 36"

design

Below we've selected the most common elements that are included on patient room boards to get you started. These are just suggestions. Anything is possible with Ghent Healthcare!

1. Starting below and on the following pages, please identify the design elements you'd like to include on your board.
2. Roughly illustrate where you'd like your design elements to go or cut them out from pages 36–39 to place in the blank board on page 40.
3. Snap a photo of your new layout and send to a Ghent Healthcare representative
